Re: Compiled Information Request for  
Ejectment/Landlord-Tenant Cases 2012 - 2016

Dear Ms. Kenney

Your request to obtain compiled information of non-confidential court records has been approved by the Division of State Court Administration. Under Indiana Administrative Rule 9(F)(2)(b) approval of a request for compiled information can be summarily granted by the Division of State Court Administration, without execution of a User Agreement, to individuals or entities having a substantial interest or bona fide research activity for journalistic purposes provided the requested data will not be resold or used for commercial purposes and does not contain confidential data, bulk data or financial data.

You are approved to receive compiled information from all courts in the State of Indiana whose records exist in the Odyssey Case Management System. Your extract consists of the number of case filings in ejectment or landlord-tenant actions as outlined in your request. A copy of your approved Summary Request is enclosed. The Division will provide a report of such records from the records on MyCase that are contained in the Odyssey Case Management System to you, without charge, subject to the condition that the data may not be resold or used for a commercial purpose.

Your reports are attached. The yearly reports indicate the gross numbers of filings per county in the case types in which these cases are filed and by those cases in which a court chose to use the sub-filing indicator for ejectment or landlord-tenant. As you will see, many courts do not use these optional sub-filing indicators which makes the data more difficult to interpret.

If you have further questions, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Richard T. Payne', with a long horizontal flourish extending to the right.
